

Deputy's Legs Broken In Broadway Accident

A sheriff's sergeant who narrowly escaped being crushed to death in Lemon Grove early Thursday morning is at Grossmont hospital suffering from fractures in both legs.

Sergeant Robert D. Witcraft, Jr., of El Cajon, was crushed when he jumped between the rear of his patrol car and another car on Broadway near Massachusetts about 2:30 Thursday morning after the driver of the third car veered into one of the two parked autos.

Sgt. Witcraft used his car radio to report his injuries and remained at the scene a short

while before driving the patrol car to Grossmont hospital.

Fellow officers said that Witcraft probably would have lost both legs if his car had not been equipped with a tow ball trailer on the rear bumper. The trailer-hitch is used for pulling a horse trailer in mountain searches for missing persons.

Sgt. Witcraft was flagged down by a woman identified by sheriff's men as Joan Moore, 26, of 6432 Radio dr. who said she believed someone was following her. Witcraft pulled to the side of the road directly in front of the woman's car. He was taking the report from the driver's side of the car when a car, officers said being driven by John S. Griffith, 29, of Middeburgh dr., hit the rear of the woman's car.

The Griffith car was headed directly at the officer but veered into the rear as Witcraft jumped between the rear of his car and the front of the woman's. Witcraft suffered a fracture of his right leg near his knee and two fractures near his left ankle. The woman, still seated in her car, was treated at Grossmont for possible head injuries and released. Officers said that Griffith stated he had fallen asleep.

The California Highway Patrol said Griffith, who was uninjured, would be cited. Sheriff's men said they believed there was no connection between the woman's complaint and the accident.

Senior Citizens Group To Say 'Thanks' For Aid

The last meeting of the year of the Lemon Grove Senior Citizens club will be Monday when the group holds its Christmas Party and pot-luck at 11:30 a.m. at the L.G. Congregational church Mayflower Hall.

Turkey will be supplied by the club and members will bring vegetables, salads and pies. Each member must bring his own dishes, too, it was announced.

The meeting will be used to express thanks to the various persons who have given aid in the formation of the Senior Citizens club. Officers of the Lions Club will be honored. Max Goodwin, editor of this newspaper, will also be a guest.

Don't Sprain The Valley, Just Burn the Courthouse

Margaret Barnes, who lives at 3135 Burns ct., Spring Valley, now has as much faith in the Postoffice as she has in her family doctor back in Omaha, Neb.

She put in an emergency call to him last week for some medication and the doctor's good secretary got right to work and shipped it out Air Mail Special Delivery.

She got it right on time in spite of the fact that it was addressed to Margaret at 3135 Burns Courthouse, Spring Valley, California.

CHAMBER IN DRIVE TO COLLECT DUES

Members of the board of directors of the L.G. Chamber of Commerce heard a plea for the need for collecting past due dues Tuesday.

Not only are new members few and far between but a high percentage of the older members are not paying dues on time it was announced.

The board was given a list of names to reactivate.

Don Johns, acting for Sam Pernicano who was present but voiceless because of a throat ailment, handled the meeting.

He announced that a brake testing project under the direction of the Calif. Highway Patrol will be sponsored by the Chamber. He also accepted a stripped-down trailer from Bob Howell and arranged to a committee to design and execute a permanent float which could be used in future parades.

He heard a committee report on the San Altos Lighting District project and learned that even small districts such as that will have to be approved by the new five man super-committee on incorporation.

The Lighting Committee was advised Wednesday that it would be 60 to 90 days before the super-agency could act upon the request.

CAR SMOG DEVICES VOTED

County Sets 2-Year Limit On All Types of Vehicles

SAN DIEGO (CNS) — Crankcase smog control devices will have to be installed on all motor vehicles of the model years 1950 through 1960 that are registered in San Diego County during the next two years, the Board of Supervisors decided Monday by a 3-2 vote.

Inspection stations to assure adequate maintenance of the devices were ordered established also by the same split vote that saw metropolitan San Diego representatives outvoting their fellow supervisors from the suburban areas, Chairman Robert C. Cozens and Supervisor David W. Bird.

Bird and Cozens sought to delay the installation, which is estimated to cost between \$5 million and \$7 million in the county, because they felt that there was not a big enough problem to warrant spending so much money at present.

Experts testified that the crankcase devices would control about 30 per cent of all smog caused by motor vehicles. Motor vehicles are said to cause about 75 per cent of all smog.

Cozens argued that the initial installation expense would be followed by annual maintenance costs of about \$300,000 to \$500,000 in this county.

The supervisors closed the hearing after turning back a motion by Bird and seconded by Cozens, which sought to establish that there is not a big enough problem at this time to call for the smog-control devices. By closing the hearing and taking no action, the supervisors will allow a new state law to go into effect automatically Jan. 1. This will require that all commercial motor ve-

hicles have the devices installed during 1964 and anyone selling a used motor vehicle to install the devices.

Owners of used motor vehicles between the model years 1950 to 1960 must have the devices installed during 1965.

Don Jeusen, executive officer of the state Motor Vehicle Pollution Control Board, told the supervisors that this would affect 310,960 used car owners and 32,000 commercial vehicle owners in San Diego County.

The cost of the crankcase device is estimated at between \$15 and \$20, depending on the type of car owned and the kind of device installed.

The inspection stations will be licensed by the state Department of Motor Vehicles by a testing method. The test will be required annually and is expected to cost about \$1, he said.

SV Chamber Bids For Vets Hospital

The Spring Valley Chamber of Commerce has made a bid for a Veterans Hospital in the local area, it was revealed this week by Charles Tinkham, Chamber president.

In a letter to the Veterans Administration last week Tinkham pointed out that the Spring Valley area is 15 minutes from most parts of San Diego and is easily available to all surrounding cities and highway. A land availability survey is being made by the Chamber which is to be forwarded to the Administration at an early date.

Communication was also established with Congressman Wilson regarding the invitation.

Pat Grace Named Head Of Spears Ford in L.G.

Pat Grace, long-time associate of the Spears Ford organization in Lemon Grove, was elected to the board of directors of the firm and was named vice president and general manager, the board announced this week.

After Spears and Grace opened the Ford agency here in 1956, one expansion program followed another. Each time additional property was acquired until it covers the entire block between Broadway and the Freeway, Massachusetts and Vista with the exception of two small houses.

The original Spears building was torn down in 1960 making way for the new, modern facility in use today. During the past year a wing was added to the new building to handle the growing business.

Grace said that plans already crystallized for further expansion would be completed.

The firm, which also handles used cars and operates a wholesale business, will generate sales in excess of a thousand units this year, Grace said.

The name of the firm will remain the same, he added.

Deep In The Heart Of...

News events have an impact on our idiomatic expressions but it is surprising how fast it happens.

For example, the sheriff's report on wrongdoing in our community usually recites the statements made by the suspected lawbreaker. Often he charges that the officer arrested him unnecessarily—usually, couching his statement in words like: "You can't do this. This ain't Russia."

Last week the complaint was the same but the locale was (Continued on Page 8)

'Y' Groundbreaking Ceremonies Planned

Ground-breaking ceremonies for the new Heartland Y.M.C.A. building to serve residents of Lemon Grove, Spring Valley and other East County Communities will be held Sunday at 3 p.m. in La Mesa Park, near Fletcher parkway in La Mesa. This brings to eight the total number of Y.M.C.A. branches in San Diego County. Like the Main Branch downtown and the Copley Y.M.C.A. in East San Diego, the new Heartland branch will have complete title to the building and land, and be the only one of the six other branches in suburban areas to enjoy this distinction.

Land for the La Mesa Park site was a gift of the Ed Fletcher Company with one acre specifically designated for Y.M.C.A. use. The City of La Mesa prepared the building pad and parking area. The building itself is being donated by John A. Davis of La Mesa.

JayCees Plan Seat Belt Program

The L.G. Junior Chamber of Commerce will sponsor a seat-belt sale in January but plans a public show next week aimed at making drivers safety-conscious. Two movies and a lecture will be held on consecutive nights, Wednesday and Thursday, next week at the Palm Junior High school in Lemon Grove at 8 p.m.

The movies will be on auto safety and a member of the California Highway Patrol will deliver the lecture.

"We want to encourage traffic safety during the holidays and interest the public in purchasing seat belts when we have our drive January," Lowmire said.

The belts, to be installed free of charge by JCers, will sell for \$4.50 a seat; \$8 for full front seat and \$15 for all seats. "They compare with installations costing \$35 to \$45," Lowmire added.

Frank Sallas of PacTelCo and Byron Frohm of the Food Basket are in charge of the program.

MERRY CHRISTMAS BELL — The pleasant tinkle of the Salvation Army pot-keeper's bell tells local residents that Christmas is nigh as it is installed at the front entrance of the Lemon Grove Post Office. Making sure that the pot got off to a good start was Sam Pernicano, L.G. Chamber of Commerce president. The lady on the right, a passerby, volunteered to pose and borrow a dollar from the photographer. Then she walked away with the dollar. The photographer, Mike Hanes, a Mt. Miguel student, claims he lost a little of the Spirit of Christmas when the name and address given by the poser proved fictitious and he couldn't get his dollar back. Santa Claus Ready For Work In L.G.

Santa Claus is in town and getting ready to go to work. Every day-starting Monday he will station himself on the plaza in Lemon Grove near one of the decorated Christmas trees.

He will have his own mail box too.

Good youngsters can drop letters in the box getting them into the hands of Santa and his helpers right away.

Not only will Santa try to fill the request of every boy and girl who brings letters, but he will give prizes for the best letters deposited in the mail box before Christmas.

Prizes will be provided by the Merchants Division of the L.G. Chamber of Commerce, according to Don Johns, chairman of the merchants' group.

Candy canes will be distributed to the youngsters. These will be provided by Sam Pernicano from his own funds. Pernicano is president of the L.G. Chamber.

The two trees on the plaza will be decorated during the week-end, according to Mildred Huebasch, member of the L.G. Business Women's League. The group has decorated the plaza trees every year in the past.

Many stores began staying open evenings this week. Red Window signs, supplied by the advertising department of this newspaper, were given to merchants for putting up when the store was ready to start staying open every night until Christmas.

DEPUTY JOHNSTON RECREATES SALOON BURGLARY FOR CLUB

Hal Johnston, Lemon Grove's Country Sheriff's Deputy, told the L.G. Men's Club Friday of some of the hazards connected with his work.

He recreated the burglary of the Spin Inn Cafe which took place several years ago and told how the burglar had charged out while he was trying to find the "O" hole on the telephone dial while juggling a searchlight, a gun and the telephone receiver at the same time. Apprehended later, the burglar said a shot fired by Johnston had whistled past his ear.

Johnston also explained that part of his salary is paid by the County. The rest of it comes from local business firms he protects. Although he responds to Sheriff's calls, the business community of Lemon Grove is his major responsibility, he said.

The Men's Club encouraged local firms not now subscribing to Johnston's services to do so. The major program for the year was provided by D.W. Van Horn III who operates the Executive Exchange Service. In his

service, various firms put up a certain quantity of their products, merchandise or service and are given an equal amount of scrip which is cashable at any of the many member firms.

Van Horn said his services allow the firm to get paid for his merchandise in advance, to keep the merchandise on the shelf as inventory for a while in spite of the fact it had been sold and to exchange the scrip for the things he normally used cash for. "It's like an independent business owners key club," he said.

"It is a boon to the small businessman," he said. "We're pumping \$3 1/3 million into the San Diego small business economy right now."

The program Friday will be provided by Arthur Ortiz, a Lemon Grove man who will propose the formation of a Moose Lodge in Lemon Grove. Ortiz is membership director of the Loyol Order of Moose and is a national officer of the group.

29 Landowners Win County Review Of Spring Valley Sewer Levies

The project, called the Kenwood Drive Area 127 actually included five separate jobs that had been combined to save money.

The bid for the job was some 22 per cent above the estimate by county engineers.

The property owners complained that they had been notified.

LET US ALL PRAY TOGETHER AS A FAMILY

This is the thrilling expectancy of the advent season. From now until Christmas, in a very special way, there should be the daily thought in every Christian's heart, "The King is coming." From Christmas through the rest of the year we should live in awareness that the King has come into our lives.

Action Urged on "Phony Mail" to Congress

After being flooded with "phony mail" U.S. Senator Thomas H. Kuchel of California has proposed a law under which heavy fines and jail sentences could be handed persons using false names and addresses on communications to Congress.

Joined by Senator Frank Carlson of Kansas in urging punitive action, the Senior California Senator and Assistant Republican Leader introduced a bill suggested by similar action of the California Legislature providing stiff punishment including fines up to five years for failing to use the correct name and address on letters, telegrams, or other messages to Senators and Representatives.

Congressman Cancels Political Speeches

Congressman James B. Utt (R-35th Dist.) announced that he has cancelled all political speeches for the balance of 1963. Utt said he was withdrawing from political appearances in order to give President Lyndon B. If legislative timetables permit, Utt said he would attend non-political functions.

H. C. Stubbs Named Chairman Of Dimes Campaign Here

H. C. "Hib" Stubbs, active in Lemon Grove civic affairs for many years, will for the third year serve as community chairman of the March of Dimes campaign to be held in January, according to John S. Lyons, county campaign chairman.

Stubbs, who served with the Navy for 23 years and with the Fleet Reserve for 7 years, retired in 1960 as a lieutenant junior grade. He is now associated with the California Electric Works.

Stubbs and his wife reside at 6800 Mallard st. They have three children — Catherine Ann, Thomas Paul and Martha Louise.

As March of Dimes chairman, Stubbs will co-ordinate all campaign activities here, including distribution of coin collectors and special events such as Blue Crutch Day, the Mothers March and showing of a documentary

It has established more than 70 centers across the nation where treatment is available and where specialists are developing improved techniques which can benefit all disabled persons.

LETTERS TO THE EDITOR

Dear Editor:

The despicable intimidation and exposure of a suspect (Oswald) on November 23rd and 24th is deplorable. This was a magnified illustration of an all too frequent occurrence throughout the country.

Guilt by accusation, judge by news release, and sentence by public apathy must stop.

An accused is entitled to protection, counsel, and opportunity for quiet, considered defense through booking, return of indictment or filing of complaint, arraignment and trial, and until verdict is given or decision announced.

fied of the probable cost for each parcel and then had been charged nearly double the estimate.
Supervisor David W. Bird, who represents the area on the board, admitted that the assessments, which ranged from

\$1,085 per building lot upward to \$1,765, were the highest ever set by the county for such a job.
One property owner, Marvin Goff, said the cost for sewer system had been only a couple of hundred dollars less than had been offered for his vacant lot.
The largest percentage of protest came from the Loma Rancho dr. area where 24 out of the 38 property owners condemned the method of assessment.

After a two-hour session, the supervisors continued the hearing to Monday, Dec. 16, at 10:30 a.m. to consider alternate methods of spreading the cost of the sewer system.

Man Loses Eye In Tavern Fight Here

"Stopping in for a beer" at Sweetwater and Jamacha, recently the victim of "bad checks", suffered additional loss when a large plate glass window was hit by a projectile. The two complaints are not believed to be related.

Gonzales stopped by the Inn after work with some friends from a construction job, at about 5 p.m.
About 9:30 p.m. a fight started and Gonzales was hit several times by someone not in his group.

About midnight, when he arrived home, he complained of pain in his eye. He was taken to Mercy hospital by family members and doctors had to remove his eye which the report said was ruptured.

Pin Ball Profits
Two San Diego teen-age youths were apprehended at Broadway and New Jersey Sunday morning with \$40 in change in the glove compartment of the auto one was driving.

Sheriff's deputies, with a report that \$30 in coins had been taken from a pin-ball machine at Griffin's Drive-in, 7292 Broadway, Lemon Grove, earlier. A screw driver apparently was used to force open the coin box of the device.
The youths denied knowledge of the theft.

Purse Looted
Ernestine Henderson, a Lemon Grove housewife of 6787 Lester, hung her purse on the handle of her car's door when she stopped a few minutes on Citrus st. Saturday.

When she returned about 5 minutes later, the contents of her purse were missing. The contents: \$100 in cash and a wedding band worth \$125.

Spray Coating
Keith Thornton, 22, of 2005 Fairhaven, Lemon Grove parked his 1963 auto on Acacia st., in L.G. Saturday. Someone sprayed the car with gray paint during his absence, he told sheriff's deputies.

Bartender Hit With Bottle
Charles Oliver Wood, a bartender at the Make Believe Inn, 9853 Campo rd., S.V., had difficulty in making sheriff's deputies believe he didn't know what happened nor by whom.

Sheridan L. Kelly, 10444 Don Pico rd., S.V. told police he found Wood with gashes in his head when he stopped in the cafe at midnight Thursday. A doctor at Grossmont hospital found glass in the wounds and opined that Wood had been hit on the head with a bottle. After treatment, Wood stuck to his story and added that he wouldn't prosecute a suspect if one was produced.

Profanity Charged
Neighbors of Mr. and Mrs. Kenneth Hoenes of 9459 Haley ln., Spring Valley, reported to police that profanity, fighting and arguing by the Hoeneses was such that they had to keep their children indoors.

Deputies, who reported they had responded to serve previous such complaints, advised neighbors to visit the district attorney who probably could resolve the problem.

Back From Seminar

Dr. Robert C. Conlin, 7616 Pacific St., a Lemon Grove chiropractor, just returned from participating in a research seminar at the Hotel Texas, Fort Worth, Texas. The seminar was conducted by the Baker Chiropractic Research Foundation, an organization collecting and researching information on the science of chiropractic.

The attending doctors reviewed and evaluated reports on a survey covering a quarter of a million chiropractic cases, including some from South Africa, Australia and New Zealand as well as Canada and the United States. Whiplash injuries, headaches and low back conditions were the subjects of reports on pioneer research conducted in these fields in the past year. A study of the tabulation of results obtained in the most frequent of one hundred conditions treated by chiropractors was one of the highlights of the seminar, according to Dr. Conlin.

Membership enrollment in La Mesans, Inc., will be in charge of two joint chairmen - Watson Culver, banker, and Robert Helland, and councilman and appliance merchant.

Rohr Corp. Receives \$80 Million Order

An additional \$80 million contract, for jet engine pods, spare parts and other assemblies for the Star Lifter military transport plane was received this week by Rohr Corp. of Chula Vista from the Lockheed Aircraft Corp.

The subcontract increased Rohr's backlog of unfilled orders to \$234½ million, the largest amount in four years. A Rohr spokesman said the order would stabilize but not immediately increase the company's employment rolls in San Diego County.

Several antiques for the Historical collection at the Bancroft Historical Museum have been given by the members.

Want-Ads Are Money-Makers!

Our respect for classified advertising skyrocketed last week. We had viewed these little announcements as a necessary evil to the publishing of a newspaper — but no more!

For example: How many people do you know that want a used aluminum kitchen window?

None? Neither did we. After we placed the advertisement (4 lines) in the paper and the phone began to ring, we became concerned that we were the owners of the last such window in the world.

We sold it to the first person to apply for it at our house. Several people showed up after the window was sold and they expressed regrets that we had no additional windows to sell. It happened to become surplus because the lady who runs our house decided that a walk-through sliding door to the patio was more desirable than the window.

The sliding door was installed and the surplus window reposed outside for several days — then it was carried to the garage to catch dust while the "brains" of the family decided what disposition should be made of it.

It looked like a good bet that there would be a special trip to the dump — and then we thought of our own want-ad columns. We advertised that such windows sell new for \$35 but ours (which had been looked through only a little, and then mostly when we had our glasses on) could be obtained for a paltry \$15.

The buyer paid our wife three five-dollar bills which she carefully put in her stocking top, or wherever money never to be paid out is put.

In all this there were several lessons: Think first of selling it via those little inexpensive want-ads in almost every newspaper; do not fail to be home for a cash transaction if you ever expect to get your hands on the cash, and finally, whatever the state of the economy, there's apparently a heck of a good market in used windows.

Public Session Scheduled On School Unifications

Parents, taxpayers, spokesmen for community organizations and school administrators of the Heartland area have been invited to discuss "Unification—What, Why and How?" at a meeting to be held Wednesday, Dec. 11, at 7:30 p.m. at the Cajon Valley Junior High School, 395 Ballantyne rd. El Cajon.

The session is being sponsored by the Foothills Secondary Council, Parent Teachers Association, to inform the public of the various phases of school unification, now under study by several educational groups.

Daniel Predovich, superintendent of the Poway Unified School District, will present the topic. The Foothills Secondary Council will be represented by Mrs. R. J. Collette, Mrs. John Morrow and Mrs. Donald Browne.

A member of the County Committee on School District Reorganization will be available to answer questions.

Zone Switch Bid Rejected

SAN DIEGO (CNS) — The Board of Supervisors turned down a zoning reclassification request Tuesday for a mobile home park on the northwest edge of Sweetwater Lake in La Presa.

Soman Associates had requested a reclassification of 16 acres of property on Lakeview road from R-1-A, single-family residential use, to R-4, multiple-family uses including trailer parks.

Dennis Wittman, engineer for the project, said some 160 would be built at a cost of about \$600,000. He described the use as the best one for the property, which he said was isolated enough at present to make it ideal.

Neighboring property owners disagreed.

One was Jess Bailey, spokesman for a proposed million dollar retirement community planned to start next year. He said the trailer park development would not be compatible with the project planned at Lakeview and Kempton.

J. Daugherty, who sold the property to the Soman firm, said the land should be used for a higher type residential development, because of its view.

Grossmont High Offers Tickets To Yule Pageant

As a Christmas gift to the community, Grossmont High school will distribute free tickets for its annual Christmas pageant beginning next Monday. The pageant will be presented at 8 p.m. Dec. 16, 17, 18 and 19.

Because of the anticipated demand for the tickets, each student may request only one ticket through his first class period Monday, but he may receive more if he presents a note from his family asking for a specific number on a certain date.

Adults may obtain tickets personally at the school's administration office, or send a self-addressed stamped envelope with a request for the number of tickets desired for the date of his choice.

It's that time of the year when holiday buffets are fun and so very convenient. "Festive Buffets" is the theme of our one Cooking School this month.

We'll set and decorate a buffet table and prepare hot hors d'oeuvres, main dishes with accompanying foods, congealed salads and fancy new desserts.

You are invited to join us Tuesday, Dec. 10, from 12:30 to 2 p.m. in the comfortable auditorium of San Diego Gas & Electric Company's Eastern District Office at 104 North Johnson Street in El Cajon. Because of the Christmas holiday, this will be our only program this month.

Our main dishes will include Fruit Baked Ham, Shrimp Curry With 14 Men (the 14 men represent the condiments used) and Beef Stroganoff and Noodles.

We'll prepare Cranberry Wine Mould and Avocado Mould for our congealed salads.

Our desserts will be Candy Cane Pie (chiffon with crushed peppermint sticks), Cranberry Frosty Pie and Mincemeat Tarts with Apricot Brandy Sauce.

Join us won't you and give us a chance to wish you a Merry Christmas. Admission is free and there will be free door prizes.
